# INTRODUCTION.

ANOTHER session of the Holston Annual Conference has passed, and the report of the year just closed has become a matter of record by the Secretaries of the Conference. In this day of information the people want to know what is said and done at these annual gatherings, and therefore this ANNUAL is published. It has taken a new field in offering, without increase in price, a good Calendar for 1882, with several items of general information to the reader. Another item has been attempted in the Directory of the Conference. The list of Local Preachers in the Conference, while not as complete as was desired, will add material interest to the ANNUAL. The printing has been done at the Publishing House of the Church, and commends itself.

Your committee, appointed to confer with brethren of the Tennessee Conference in reference to changing the line between the Tennessee and Holston Conferences, beg leave to submit the following as their Report, viz.:

Leave the Alabama line where Franklin and Marion Counties, Tennessee, corner, thence north with the western boundary-lines of Marion, Sequatchie, Bledsoe, Cumberland, Fentress, and with the old line of Fentress through Pickett County, Tennessee, to the Kentucky line, giving all west of said line to the Tennessee Conference, and east of the same to the Holston Conference, except, 1. Moffatt Station, in the north-west corner of Marion County; and 2. Bethel Church, in the north-west portion of Sequatchie County, which two places we propose to give the Tennessee Conference, on account of ecclesiastical connections.

This line, in substance, has been agreed upon by the committees of the two Conferences, and will bring us near the water-divide on Cumberland Mountain, and also divide the missionary territory about equally between the two Conferences.

Your committee respectfully suggest these specifications as a basis for your memorial to the next General Conference. And farther, that if at all admissible under the law, the territory west of said line be turned over at once to the Tennessee Conference.

Respectfully submitted.

H. P. Waugh read the Epistle, and George Stewart read the Gospel, and these, with J. C. Lowe, joined in the laying on of hands in the ordination of elders.

**Reports of Committees.**—The Bishop called for reports of committees.

D. W. Carter, from the Committee on the Bible Cause, presented the report, which was adopted.

#### REPORT ON THE BIBLE CAUSE.

The Committee on the Bible Cause have no means of obtaining the exact amounts of money contributed to the Bible Cause, or the amount of work done for it within our bounds. The Discipline makes it the duty of the preachers to report to the Annual Conference the amounts raised for this cause, and this duty should not be neglected.

Our Church has shown its high appreciation of the American Bible Society by enjoining this duty upon her pastors, and also by making one of the few exceptions to the itinerant rule in favor of those preachers who are appointed to labor for that Society, allowing them to be appointed to that work for an indefinite period.

The last Annual Reports of the American Bible Society and of the Virginia Bible Society have been before this committee, and have been examined by us. The continued power and prosperity of the great national organization—American Bible Society—is highly gratifying to us. It has our unqualified indorsement, and we pledge it our earnest support. The visits of its officers and superintendents are highly appreciated, and are ever welcome among us.

In several sections of this Conference there is much destitution, as is shown by the reports of colporteurs who have traveled within our bounds. During the year ending May 12, 1881, in the Tennessee part of our Conference, the counties of Hamblen, Hawkins, Hamilton, and Blount, and in North Carolina, the counties of Macon, Clay, Cherokee, and Henderson, and in Virginia, the counties of Washington, Wythe, Smythe, and Scott, were canvassed, and their destitution supplied by the American Bible Society and the Virginia Bible Society. Other counties in all these sections were canvassed previous to last year, and others still remain which ought to be canvassed and supplied.

We earnestly desire that the work be vigorously prosecuted, and pledge the Societies doing it our hearty coöperation.

The work in Virginia is under the control of the Virginia Bible Society, which works in harmony with the American Bible Society. No officer of the Virginia Bible Society receives any compensation for his work. And this fact may serve to explain what seems to your committee a lack of energy and enterprise on the part of that old and highly-respected organization.

Your committee is of the opinion that if the Secretary of the Virginia Bible Society received a salary for his services, and was required to give his whole time to the Bible-work, and to travel over all the State in the interest of the same, it would result in a great increase of the Society's funds.

*Resolved*, That we greet the Rev. R. N. Sledd, President of the Virginia Bible Society, among us with great pleasure, and that we respectfully call upon the Society which he represents to enter upon a more vigorous and energetic prosecution of its important and much-needed work. To facilitate this we think an able and energetic Secretary should be paid a sufficient salary, and started out over the State to raise funds, organize the work, and to employ suitable col-porteurs.

*Resolved*, That we, as a Conference, pledge such a Secretary our earnest cooperation and help in this work.

Respectfully submitted.

D. W. CARTER,

J. R. LONG,

E. B. LARMER,

G. W. SIMPSON,

W. G. BUTLER,

C. D. McTEER,

*Committee.*

E. E. Wiley presented some statements from the Rev. Dr. Sledd, President of the Virginia Bible Society, which, on his motion, were ordered to be filed with the committee's report.

M. S. Watts, from the Committee on Church-property, presented the report, which was recommitted.

On motion of F. Richardson, E. E. Wiley, J. M. McTeer, and J. S. Kennedy, were appointed a Committee to Nominate the Board of Missions for four years.

W. L. Richardson, from the Committee on Temperance, presented the report of the committee, which was adopted.

#### REPORT ON TEMPERANCE.

Christianity is the only antidote to sin in any form. Therefore no system of ethics which has been devised, or can be formulated, will banish sin from the world, or relieve humanity, to any considerable extent, from the degradation and suffering which it causes. It is not a "frail plant" which can be broken by the hand of a child, but it is a disease which seizes man with such force that nothing less strong than the hand of God can break its hold. Christianity alone is therefore the hope of the world. The heathen must look to it for elevation of character, and consequent freedom from vile superstition. The civilized sinner can find no other road to holiness than the one marked out by Christ. No other sin has so cursed the world as intemperance, and no other class of sinners need more the prayers of the Church, and its helpful sympathy, than drunkards. They are bound by a habit stronger than the folds of a Python. The mother who lays her child, not upon a sacrificial altar, as Abraham did, but in the cold grave, longs not more earnestly for a glorious immortality than the wives and children of drunkards crave relief from their degradation. Their cry for help should thrill the entire Church, and arouse in their behalf every dormant energy. True, her weapons are moral ones, but she has the promise, "I am with you alway, even unto the end of the world." The power of God is with her, and will bless her efforts, and make them efficient in restraining this evil. Temperance organizations have done much good, and should be fostered, but Christianity alone can suppress this evil. Therefore the Church, as its ex-

ponent in the world, should proclaim its opposition to the improper use of ardent spirits with such emphasis as to be heard and understood throughout all the land. It must lead the attack on this evil with all the aggressive force of the gospel.

Your committee therefore, without presenting any statistics, or attempting to describe the dimensions of this evil, presuming that no statistics or descriptions of that kind are needed by this body, respectfully submit the following resolutions for your consideration:

1. That we purge our charges from habitual drinkers and drunkards, wherever we may find them.
2. That we preach in all our charges one sermon a year on the evil of intemperance.
3. That we endeavor, by moral suasion and the legitimate use of our rights as citizens, to secure option laws, or such other legislation as may aid in suppressing intemperance.

W. L. RICHARDSON,	J. E. MOORE,
JAMES BUTTRICK,	W. W. HICKS,
J. N. LOTSPEICH,	D. SULLINS,
<i>Committee.</i>	

G. C. Rankin and B. W. S. Bishop presented the following resolution, which was adopted:

*Resolved*, That the Joint Board of Finance be requested to apportion among the districts of the Conference the amount of the expenses of our delegates to the Ecumenical Conference, and that the preachers be requested to collect the apportionment assigned to their charges by the district stewards, and report the same to the session of our Conference next year.

E. E. Hoss, from the Committee on Books and Periodicals, presented the report, which, after an address by R. N. Price, in the interest of the *Holston Methodist*, was adopted.

#### REPORT ON BOOKS AND PERIODICALS.

Your Committee on Books and Periodicals beg leave to submit the following report:

It is scarcely necessary that we should emphasize the importance of the wide diffusion of a healthy religious literature.

The immemorial policy of the Methodist Church is so well understood that extended remarks on that line would be superfluous. It may not be amiss, however, to say that there are peculiar circumstances now encompassing us which make it important that we should redouble our diligence in furnishing our people with an abundance of good reading-matter. This is the reading age. Everybody reads something. It used to be said that a man is known by the company he keeps, and it may now with equal propriety be affirmed that he is known by the paper he takes. Much of the current literature is positively vicious, and a great deal more is feeble and worthless. In self-defense, and for Christ's sake, we are bound to see to it that our own publications are thoroughly scattered.

It gives us great pleasure to state that after having carefully considered the Report of the Book Agent, we are fully convinced of the wisdom of the pres-

ent management of the Publishing House. We especially commend the policy of retiring the bonds and diminishing the debts of the House before any large inflation of the business is attempted. Great credit is due to Dr. John B. McFerrin, to Mr. L. D. Palmer, whom we have had the pleasure of seeing at this Conference, and to the very able and energetic Book Committee, for the manner in which they have met and grappled with the serious difficulties that have confronted them.

The Nashville *Christian Advocate*, edited by Dr. O. P. Fitzgerald, is a strong, bright, pure paper. Its circulation now approximates seventeen thousand. This ought to be doubled, and can be by a little effort on the part of our preachers and laymen. Such an enlargement of circulation would enable the Publishing Committee to incur additional expense in the way of procuring editorial assistance, and in improving the paper in other respects.

The *Quarterly Review*, though not technically a Church-periodical, is yet substantially ours. We are sorry that so few copies are taken in the Holston Conference. That it is ably edited is sufficiently guaranteed by the fact that it is under the control of Dr. Thomas O. Summers. It meets the demand for a higher style of literature than is to be found in the columns of the weekly press, and it ought to be in the hands not merely of all our preachers, but of a large and increasing class among our laymen.

Full statistics have not been furnished us with reference to the Sunday-school periodicals, nor with reference to the *Advocate of Missions*, and the *Woman's Missionary Advocate*. These will doubtless receive special notice at the hands of appropriate committees. We indorse them all, as we do also the *Theological Monthly*, edited by Dr. R. N. Sledd, and the *Southern Pulpit*, published by the Rev. John J. Lafferty. We think it highly proper to recognize the thorough and useful work of Brother Payne in bringing out the "Holston Annual."

Our own Conference organ, the *Holston Methodist*, has somewhat more than held its own during the past year in the matter of circulation. In view of the retirement of its able editor, the Rev. R. N. Price, to take a professorship at Emory and Henry College, we suggest that the Conference request the Bishop to ratify whatever action may be taken by the Board of Directors looking to the future management of the paper. It is our paper in a special sense, and we sincerely hope that all our preachers will cordially cooperate in increasing its circulation and enlarging its capital stock. It has been of great service, and we can hardly do without it.

JACOB SMITH,	J. KEY BRUNNER,
JAMES I. CASH,	JAMES P. KELLY,
J. W. SMITH,	E. E. HOSS,
	<i>Committee.</i>

A resolution offered by E. E. Hoss and G. W. Miles, with reference to the visit of L. D. Palmer, was appended to the report of the committee:

*Resolved*, That we heartily appreciate the visit of our Brother L. D. Palmer to this session of our Conference; that we invite him to return whenever he can make it convenient to do so; and that we promise to give him all the aid we can in the prosecution of his work.

**Expenses of Delegates to General Conference.**—On motion of H. C. Neal, it was resolved that the Joint Board of Finance be instructed to make an estimate of the expenses of the delegates to General Conference, and apportion this estimate among the districts for distribution by the district stewards among the different charges.

**Ecumenical Conference.**—On motion of George Stewart, it was resolved that Bishop McTyeire and Dr. Wiley be requested to give us an account of their visit to the Ecumenical Conference, and of the doings thereof, in this church at 7 o'clock P.M.

**Rev. C. L. Dameron.**—The Rev. C. L. Dameron, of the Baltimore Conference, was invited to a seat within the bar.

D. S. Hearon, from the Committee on Sunday-schools, presented the report, which was adopted, subject to correction in figures.

#### REPORT ON SUNDAY-SCHOOLS.

The Committee on Sunday-schools beg to submit the following report:

We have had reports from all pastoral charges within the Conference bounds. We find the following to be the statistical summary of these reports: Number of schools, 577; number of officers and teachers, 3,850; number of pupils, 31,125; number of volumes in libraries, 7,459; number of Magazines, 1,016; number of Quarterlies, 6,638; number of Visitors, 1,783; number of Our Little People, 4,178; number of Infant Class, 1,948; Lesson Papers, 722; amount of moneys expended in Sunday-schools, \$4,853 62.

Your committee have also had under consideration facts laid before them by the Sunday-school Editor of the General Conference and the Secretary of our Annual Conference. We desire to call attention to the completeness and excellence of our Sunday-school literature, in which we, as a Conference, have just occasion to feel peculiar pride. Perhaps it will not be amiss that we, by way of emphasizing this, state the departments of this thoroughly-graduated system of literature. There is a *Magazine* for the use of officers and teachers, a *Quarterly* for advanced students, an *Intermediate Quarterly*, an *Illustrated Lesson Paper*, for intermediate grade, and *Our Little People*, for primary classes. And farther we would emphasize the statement of the reasonableness of the terms on which schools may supply themselves with this literature, schools being able to supply themselves with all requisite lesson-helps at the extremely low rates of less than ten cents per scholar per annum.

The *Sunday-school Visitor* also is a part of this literature, and is indispensable as periodical literature for the children.

Your committee find, much to their delight, that the efficiency and popularity of our literature are bringing it into rapidly-enlarging circulation—the circulation having now attained to 399,000.

Your committee, having had under consideration the work of our Conference Secretary, the Rev. J. A. Lyons, are confirmed in the opinion that it is a matter for which we, as a Conference, should congratulate ourselves, that we have enjoyed his labors in this department of Church-work. We have learned that

wherever he has labored—and he has been abundant in labors—the interests of this cause have been greatly enhanced. Such are some of the encouraging facts which have fallen under our notice.

Permit your committee, however, to suggest that some things, in the way of more perfect organization and facilities, are needed, in order that we, as a Church, may achieve the largest success in this department:

1. We suggest that, if its publication should be practicable, a weekly periodical, open for contributions from our Sunday-school workers, and devoted to Sunday-school interests, would greatly add to our facilities.

2. Permit us to suggest that we find in our Church Literature no standard series of Catechisms fully adapted to the wants and capacities of children.

3. Your committee observes the absence of normal training facilities in our Church.

4. Your committee would at least raise the question whether the Sunday-school interest would not be better promoted if it were committed to a Standing Committee, from year to year, in our Conference.

5. Your committee find that, either from inefficiency of the plan for collecting it, or from neglect in the use of it, or from both causes, the salary of our Conference Secretary has fallen short of what it should be.

In view of the above-mentioned facts—

*Resolved*, 1. That we are devoutly thankful to Almighty God for the prosperity with which he has blessed the Sabbath-school cause within our bounds during the past year.

*Resolved*, 2. That as pastors, burdened with the responsibility of instructing the children of our congregations, and that as Christian workers, we will avail ourselves of the valuable aid of our Conference Secretary, and also of our excellent Sunday-school literature, by seeing to it that all our schools are fully supplied with it.

*Resolved*, 3. That the Sunday-school Secretaryship of our Annual Conference be continued; that the Secretary's salary be fixed at \$800; that this sum be distributed by the Board of Finance among the boards of district stewards, and that each board of district stewards distribute its part of the assessment among the boards of circuit and station stewards, to be distributed by them among the Sunday-schools. Let it be the duty, then, of superintendents to see that their respective schools contribute their parts of the assessments, and of the pastors to see that these amounts be forwarded in quarterly installments to the Secretary.

*Resolved*, 4. That we favor the recommendation made by the Conference of Sunday-school Secretaries, which met last May in Nashville, Tenn., that the General Conference authorize the publication of a weekly periodical devoted to Sunday-school interests.

*Resolved*, 5. That in the absence of normal training facilities (which we trust will be provided by the next General Conference), we recommend that pastors and superintendents exercise such oversight in the selection and training of teachers as will best secure the ends of Sunday-school work.

D. S. HEARON,      L. M. PEASE,  
J. A. LYONS,      JOHN B. HOYL,  
Committee.

The Committee to nominate a Board of Missions for four years reported the following, which was adopted:

**Board of Missions.**—George Stewart, James Atkins, jr., R. H. Parker, J. S. W. Neal, H. W. Bays, E. H. Bogle, D. W. Carter, J. T. Frazier, S. R. Wheeler, W. D. Mitchell, J. R. Stewart, D. Atkins, J. D. Hickson, T. R. Handy, and James I. Cash, jr.

**Report on State of the Church.**—E. E. Wiley, from Committee on State of the Church, presented their report, which was adopted.

#### REPORT ON STATE OF THE CHURCH.

The Committee on State of the Church beg leave to present the following brief statements as their report:

1. The material agencies within the bounds of the Holston Conference essential to the successful prosecution of the work of spreading scriptural holiness in our midst have probably never been stronger or more effectively used. The Conference is well supplied with men both able and willing to cultivate our widely-extended fields; our people are generally genuine Methodists, gladly receiving their preachers and coöperating with them; many of our old houses of worship have been repaired and new ones erected; more people, in consequence, hear the word; our Sunday-schools, the attendance upon them, and their better facilities for instruction and management, have been increased; our parsonages are multiplying; our schools and colleges, although not all of them freed from embarrassments, are yet most of them fairly patronized and doing excellent work; our collections for all our Church enterprises, notwithstanding excessive drought in some regions, have been fair, though not in all cases full; the cause of Missions is taking stronger hold than ever before upon the hearts of preachers and people; revivals and professions of saving faith in Christ have been quite extensive and numerous; the watchful care of our pastors over their flocks, sympathizing with the afflicted and removing the incorrigible, is noteworthy; the attendance of our members upon their Church privileges and the observance of the ordinances of the house of God, though not all that is desired, still is commendable; Christian harmony and peace is also everywhere prevailing in our midst. These all are indications unmistakable that the Divine Presence is still with us, and that our labors in the Lord are not in vain.

2. While every one of these facts may not be proof indubitable of the genuine piety of the Church, yet without this piety some of them will hardly be well and long sustained. Take for example the outlay of effort and cost of sustaining our foreign missions in men and means, and wherever these are vigorous and plentiful, there the love of Christ must be the constraining power. Not more certainly does the thermometer indicate the temperature of the atmosphere than does a burning zeal in the work of missions show that the spirit and purpose of Christ and his apostles to carry the gospel to the ends of the earth is still aflame in the hearts of his people. And where this spirit is found there is genuine piety. "By their fruits ye shall know them," and "Where your treasure is there shall your heart be also," said Jesus. And the soul that has found the hidden treasure and the pearl of great price will make it appear to

the world that the work of saving grace and the refining influence of God's Spirit have wrought within it their mighty power. We need not then so much new methods as a closer adherence to the old paths, a profounder insight into God's revealed truth, a farther baptism of the Holy Spirit in his enlightening, quickening power, and our successes in the future will be greater than in the past, and our beloved Church will be as a city set upon a hill, to be seen at every point throughout our bounds.

In closing this brief report, we offer for your adoption the following resolution:

*Resolved*, That while we give glory to God for his abundant mercies toward us as a Conference, and to Christ for the signal triumph to which he has led us, and to the Spirit for his blessed work upon our hearts, we will go forth with renewed zeal and effort to the holy work to which we have been called.

Respectfully submitted.

E. E. WILEY, *Chairman*.

**Report on Education.**—W. H. Kelly presented the Report of the Committee on Education, which, after addresses by D. Sullins, E. E. Wiley, D. S. Hearon, J. Atkins, jr., and J. K. Brunner, was adopted.

#### REPORT ON EDUCATION.

Your Committee on Education have had their attention called to the following institutions of learning, by reports and communications, and after a careful consideration of the same, would submit the following as their report:

**EMORY AND HENRY COLLEGE.**—This institution of learning, which has been called "grand old Emory and Henry," established at a time, and under circumstances, and amidst surroundings that fastened conviction in the minds of our forefathers that Methodism could not accomplish what seemed to be the leadings of Providence and the original design of its founder, and quit themselves like men, unless they diffused the light of science and culture in connection with the light of the gospel; and with this conviction burned in their hearts and consciences they went forth led by the illustrious Fulton of precious memory; they laughed at impossibilities and mocked when fear came, and thus established an institution of learning which has no parallel in history—forty years of great prosperity without one dollar of endowment.

This great prosperity and success was achieved by the devotion of the Board of Trust and the ability and consecration of a noble Faculty, whose usefulness and devotion should be embalmed in the heart and memory of a grateful people. But a crisis is upon Emory and Henry, and duties as imperative as those that rested upon our fathers devolve upon us. Emory and Henry finds herself environed by institutions sustained by State aid, or endowed by the munificence of rich men; and as a Conference we must be abreast of the times of thought and culture, and every member of this body, to whose keeping our fathers bequeathed these interests, should feel called upon to exert himself to the utmost of his capacity to aid in placing this institution on safe footing by a sufficient endowment.

We are pleased to be able to state to your body that the facts laid before us

warrant us in believing that Emory and Henry, in its decline of patronage, has reached the bottom, and reaction has set in, as the present session shows an increase in patronage of twenty per cent.

Since your last session a new Faculty has been elected from its *Alumni*, of ability and considerable experience, to whom your body should give a hearty and cordial support. And in order to bring this subject properly before the people, we recommend the appointment of the Revs. F. Richardson, G. W. Miles, W. A. Stewart, D. Sullins, and J. W. Paulett, a committee to prepare an address on the subject of endowment.

MARTHA WASHINGTON COLLEGE.—This institution we understand has commenced the year under favorable auspices. While your committee are of opinion that, in the election of the Rev. E. E. Hoss to, and his acceptance of, a professorship in Emory and Henry College, Martha Washington lost one of the most successful presidents she ever had, yet we congratulate Martha Washington upon securing the services of Dr. Wiley as his successor. And we recommend a hearty coöperation on the part of the Conference with Dr. Wiley in his efforts to advance the interests of the school.

SULLINS COLLEGE.—We find this school in a state of greater prosperity than it has enjoyed at any time in its past history, and on the high-road to great usefulness and permanent prosperity. With a Faculty inferior to no school of like grade in the country, and a matriculation of one hundred and ninety-three, and growing in the confidence of the people, we see a grand and glorious future before it. Your committee commend it to your fostering care.

HIWASSEE COLLEGE.—This old and useful institution, which has done much in the south-western portion of our Conference to educate and convert the youth of our Church and country, is represented as still pursuing its course on the road to greater and more extended usefulness and prosperity.

The female department at Sweetwater, situated seven miles from Hiwassee, is represented as in a flourishing condition, and we commend this excellent institution to the patronage of our people.

PEOPLE'S COLLEGE, situated in Sequatchie District, under the presidency of the Rev. W. B. Stradley, has an increased patronage, and, with the improvement of its buildings and grounds, appears to be on the road to increased usefulness and patronage.

ASHEVILLE FEMALE COLLEGE.—Whilst it is not technically a Conference school, yet, conducted by a member of your body who has shown himself as an educator a workman and master of the situation, is exerting an influence favorable to Methodism, which fact commends it to your favorable consideration.

WEAVERVILLE COLLEGE, though not a Conference school, is aiding our Church in accomplishing its mission to the people of Western North Carolina, and therefore deserves your consideration.

Your committee fear that reports on the subject of Education have lost their significance, and fail to accomplish the end had in view by the framers of the rule of our Discipline relating to these interests.

We fear that brethren receive these reports, and thereby bring themselves under the most solemn obligations to embrace every opportunity and use every means to advance these interests of our Church, and after they cast their votes,

and Conference adjourns, they go to their respective fields of labor, and scarcely ever give the subject a thought, or take any steps to comply with the obligations thus taken upon them. Allow your committee to insist upon every member of this body, lay and clerical, doing something during next Conference-year in this department of our work.

We recommend the appointment of the following Boards of Visitors :

*Emory and Henry College.*—Rev. George Stewart, Rev. Frank Richardson, Rev. George C. Rankin, Rev. John M. McTeer, Rev. A. J. Frazier, Rev. W. H. Kelly, Rev. George W. Miles, Rev. L. M. Pease, Hon. J. P. Kelly, Dr. M. Butler, Henry Hays, Esq., J. W. Paulett, Esq., and Charles D. Carter, Esq.

Reeves, Esq., P. C. Landrum, Esq., George E. Penn, Esq., J. M. Hamilton, Esq., and Hon. John A. Kelly.

*People's College.*—Presiding Elder of Sequatchie District, Preacher in Charge of Pikeville Circuit, N. Q. Allen, Esq., A. L. Spears, Esq., and Hon. J. B. Hoyl.

*Resolved,* That in compliance with the request of the Boards of Trustees of Asheville Female College, People's College, Belleview High School, and Knoxville District High School, the presiding Bishop be requested to appoint the Rev. James Atkins, jr., to the Presidency of Asheville Female College, the Rev. W. B. Stradley to the Presidency of People's College, the Rev. George W. Jackson as Principal of Belleview High School, the Rev. H. P. Bailey as Principal of Knoxville District High School, and the Rev. R. T. Barton as Principal of the Franklin District School.

WM. H. KELLY, *Chairman.*

B. W. S. Bishop and G. W. Miles offered the following resolution, which was adopted :

*Resolved,* That as the Joint Board of Trustees and Visitors of Emory and Henry College requested Dr. Sullins to canvass the entire territory of the Holston Conference for patronage to the College, and for an endowment, we, as a Conference, add our request to that of the Board, and assure Dr. Sullins that we will welcome him to our charges, and coöperate with him in this work.

J. S. Kennedy, J. M. McTeer, and F. Richardson, presented the following resolution, which was adopted :

*Resolved,* That a committee of three be appointed to meet with similar committees which we respectfully request the Virginia, Baltimore, and North Carolina Conferences to appoint, to consult as to the propriety of consolidating our male colleges.

Conference adjourned, to meet at 3 o'clock P.M.

## FIFTH DAY (*Afternoon Session*).

MONDAY, October 31, 1881.

Conference met at 3 o'clock P.M., the Rev. J. Boring in the chair by the appointment of the Bishop. Religious service was conducted by the Rev. C. L. Dameron, of the Baltimore Conference.

**Report on Church-property.**—M. S. Watts, from the Committee on Church-property, presented the report of the committee, which was adopted.

### REPORT ON CHURCH-PROPERTY.

Your committee has done its work the best it could under the circumstances, yet it is imperfect, from the fact that we were not able to get in hand all the reports from the various charges until too late to record them, except in the aggregate statistics. In consideration of which fact, we recommend the following resolution:

*Resolved*, That the preachers be requested hereafter to present their reports on this subject to the Secretary on the first day of Conference.

W. H. HOLDWAY, *Secretary*.

M. S. WATTS, *Chairman*.

(See Statistical Report.)

**Report of Treasurer Board of Missions.**—R. H. Parker, Treasurer of the Conference Board of Missions, presented his report, which was adopted, and ordered to record.

(See report in full in another place.)

**Committee Appointed.**—The Bishop appointed J. S. Kennedy, W. A. Stuart, and David Sullins, a committee to confer with committees from the Virginia, Baltimore, and North Carolina Conferences, as to the consolidation of male colleges.

**Report on Memorial.**—J. Atkins, jr., from the Committee on the Memorial from the Asheville District Conference, presented the report of the committee, which was adopted:

The committee to whom was referred the Memorial from the Asheville District Conference, concerning the formation of a Western North Carolina Conference, report as follows:

We do not recognize the necessity or expediency of a division of the Holston Conference; neither do we desire any. Especially would we regret to see severed from us our North Carolina Districts.

G. C. RANKIN, *Secretary*.

J. ATKINS, JR., *Chairman*.

A resolution, offered by D. Sullins and E. E. Hoss, was adopted, as follows:

*Resolved*, That our delegates to the General Conference be instructed to oppose the division of the Holston Conference; provided, however, if division appears to be inevitable, then they be instructed to get the best terms possible.

**Sunday-school Secretary.**—J. A. Lyons, Sunday-school Secretary of the Holston Conference, presented his report, which was received, and, on motion, its publication in the *Holston Methodist* was requested.

**J. A. Lyons.**—Question 20 (Are all the preachers blameless in their life and official administration?) was called, and the character of James A. Lyons was passed.

**Finance Report, No. 2.**—W. W. Pyott, from the Joint Board of Finance, presented Report No. 2, which was adopted, as follows:

*Report of Memoirs*.—The Committee on Memoirs, through F. Richardson, presented a memorial of S. S. Grant, and, through E. W. Moore, a memorial of E. L. Barrett, which were adopted.

#### MEMOIR OF THE REV. S. S. GRANT.

Samuel S. Grant was born in Washington County, Va., March 24, 1839. He was the youngest of eight children, all of whom survive him. His boyhood was distinguished by more than ordinary seriousness—a love of sacred things and an inclination to religion. He became a student at Emory and Henry College in 1854, and remained there two years. While there he made a profession of religion, and joined the M. E. Church, South. The family to which Brother Grant belonged was Presbyterian, but he was a firm believer in the doctrines of the Methodist Church. He thought her polity, and especially her itinerant ministry, better adapted than any other to the promotion and spread of the religion of the Bible. In 1856 he obtained a cadetship in the Naval Academy at Annapolis, Md., where he remained two years. In 1859 he was admitted on trial into the Holston Conference. When the war broke out he was traveling the Burnsville Circuit in North Carolina. Many of his members went into the army; he went with them, and became chaplain to the regiment of North Carolina troops commanded by Col. R. B. Vance. When he left the army he returned to the Conference and to the work of the ministry. In September, 1866, he was married to Miss Mary Lewis, of Burnsville, N. C. Soon after his marriage he located. He was forced to take this step, as he thought, by the stress of circumstances. His heart was saddened by the thought of turning away from the loved employment to which he had consecrated himself. Meantime his wife died, and his spirit was filled with gloom, but his religion never failed him; clouds and darkness were round about him, but his faith triumphed. In 1875 he was read-

mitted into the Conference, and appointed to the Brevard Circuit in North Carolina, where he remained four years; in 1879 he was appointed to the Staffordsville Circuit in Virginia, and in 1880 to the Jacksboro Circuit in Tennessee. On the 6th of October he was stricken with paralysis. From the first he was speechless and unconscious. He rallied a little and regained consciousness, and anxious friends began to hope that he might get up; but on the 12th of October another stroke of paralysis reached the heart, the wheels of life suddenly stopped, and he was gone. He did an excellent work on the Jacksboro Circuit, and attached his people to him by the strongest cords of love. When he was stricken down they flocked to his bedside from every part of the circuit, and all that the tenderest sympathy could suggest was done for his comfort and recovery, but to no avail. The Rev. J. A. Lyons performed the burial-service, and they laid him away to sleep in the village cemetery at Jacksboro, Tenn. The Conference and the Church sustain a great loss in the death of Brother Grant. He was a man of fine intellect, well cultivated. He was a pleasant companion, and a friend to be loved. He was a devout Christian. As a preacher, he was a man of one work. He was a patient, prayerful student of the Bible. He preached the gospel, and his preaching was clear, and forcible, and spiritual. He was a most laborious pastor. He was methodical in his work, and his plan embraced every department of Church-work. Especially in the Sunday-school work did he exhibit much tact and wisdom. He could leave us no dying testimony, but his consistent, consecrated life is eloquent in speech. When the toils of life are ended, we will join him in the rest and felicities of heaven. He leaves in this world of sin and strife two bright little boys. These orphan boys appeal to our sympathy, and need our prayers and our help. We will not forget them.

#### MEMOIR OF THE REV. E. L. BARRETT.

Elbert L. Barrett was born and reared in Hawkins County, Tenn. Very early in life he professed religion and joined the M. E. Church, South. He was a lively and zealous Christian from the first—full of faith and good works. When quite a boy he was licensed to exhort. In September, 1871, he was licensed to preach at Jonesville Camp-ground, in Lee County, Va. In 1873 he was admitted on trial in the Holston Conference. From that time until his death he pursued faithfully and efficiently the work of a traveling preacher, except about two years, during which time he was hindered by personal affliction. In 1876 he was happily married to Miss Corinna Mynatt, of Knox County, Tenn., who, with one little daughter, survives him. Brother Barrett's last appointment was the Gladeville Circuit. In May he was stricken down with a fever; three physicians were called to see him; the people were very kind and attentive; but the disease could not be checked, and on June 13th Brother Barrett fell asleep in Jesus. He was a true man. He was deeply pious. He was fully consecrated to the Lord and to the work of the ministry. His conscience was supreme, and his faith unflinching. He heroically followed the call of duty into the hardest and darkest places. It is sad to think he has gone, but we "sorrow not as those who have no hope." He has left us the heritage of a life of

faith and devotion to Christ, and his dying testimony to the power of our holy religion to triumph over death. He rejoiced in the dying hour, and these are his last words: "Tell the presiding elder to say to my brethren that I fall as a soldier—at my post." Thank God for such a life and such a death!

NOTE TO FINANCE REPORT.—The editor, in preparing this report, found it necessary to re-arrange the whole, and either from some mistakes in copying, or in adding up the columns, finds many of the footings different from those made by the Secretary of the Board of Finance. The allowances and payments to Presiding Elders on each charge, when footed up, differ from the sums reported by the Presiding Elders, but the differences are not considerable. The column for Church-property is not full, but is all that was reported.—[ASSISTANT SECRETARY.

## HOLSTON CONFERENCE DIRECTORY.

EXPLANATION.—The Directory for 1881–82 is composed of four parts: 1. Preachers in full connection, or clerical members of the Conference. 2. Preachers not in full connection, but on trial in the traveling ministry. 3. Lay delegates for 1881. 4. Local preachers. These are each arranged alphabetically to some measure. The clerical members have secondary arrangement in the order of time when admitted into the Conference—the year being given. The roll of local preachers is attempted for the first time, and is quite imperfect, fully one hundred names being not reported by the pastors in time for this list. It is hoped that this will not occur again. Mistakes in any of the rolls must not be attributed to carelessness or indisposition, for no labor has been spared to make them correct. More careful reports at Conference will tend to perfect these lists for another year.—[ASS'T SEC.

## ALPHABETICAL ROLL OF LOCAL PREACHERS.

The task of getting a correct roll of local preachers in the bounds of the Holston Conference was far more difficult than was at first supposed. Blanks were sent to each of the pastors at Conference, but in many cases the pressure of other duties prevented due attention to filling up with names. The work of arranging in alphabetical order has been done with much care, but is in some respects defective. Almost one hundred names are lacking in the list, if the report of 1880 of 299 local preachers is correct. The presiding elders are requested to obtain a correct list of local preachers in their several districts, and pastors will also include their names in their annual reports, so that next year we may be able to have a complete and correct list. The pastoral charges named are the ones to which they belong.—[ASS'T SEC.]

## REPORT OF THE CONFERENCE SUNDAY-SCHOOL SECRETARY.

---

IN submitting to this body my second Annual Report, I desire first of all to make acknowledgment of the good providence of God, through whose enabling grace alone I have met every appointment and performed the labors incident to this relation. Pursuing the same general methods adopted last year, I have held, in the following order, and at the places named, thirty-eight Sunday-school Conferences, devoting to each, in nearly every case, two close days' work: Dayton, Kingston, and Dunlap, Tenn.; Graysville, Ga.; Charleston, Madisonville, Louisville, Soule's Chapel (Jacksboro Circuit), Clinton, Dandridge, Greeneville, Jonesboro, and Blountville, Tenn.; Trenton, Ga.; Murphy, Franklin, Webster, Waynesville, Asbury Camp-ground, Shaw's Creek, Marshall, Weaverville, McBride's Mills, and Jefferson, N. C.; Lebanon (Elk Creek Circuit), Hillsville, Forest (Lead Mines Circuit), Wesley Chapel (Staffordsville Circuit), New Hope (Princeton Circuit), Liberty Hill, Church Hill (Lebanon Circuit), Union (Saltville Circuit), Kelly's Chapel (Emory Circuit), Estillville, and Rocky Station (Jonesville Circuit), Va.; and Rogersville, Tenn.

It is worthy of remark that in the most earnest and oftentimes enthusiastic discussions of questions on our programme, I cannot recall, in a single instance, an unbrotherly word, or the exhibition of an unchristian spirit. On the contrary, there were cheering indications of interest excited touching a wider range and better methods of Sunday-school work. This, taken with the earnest desire frequently expressed for larger results in early conversion and systematic soul-culture, the manifest tokens of divine approval in the presence of the Holy Ghost, and the tidings brought to this Conference by the brethren from diverse localities of an abiding impulse toward higher and holier ends in Sunday-school effort, encourage the hope that our labors have not been in vain.

In answer to other demands, I have visited and addressed 37 Sunday-schools, preached 46 sermons, and delivered 28 public addresses. Miles traveled, 3,147; upward of 1,000 miles on horse-back. Postage paid during my term of service, \$27 16, will indicate the extensive correspondence required.

In glancing over the field, our first duty is in grateful appreciation of the fact that we have 577 schools, in which 3,865 men and women are devoting themselves to the Christian education of 31,205 persons under their care. This service they are voluntarily performing without the stimulus of pecuniary reward, and unsustained by the compliment and applause without which both pulpit and platform would lose all their half-hearted occupants. Here, in the most fertile field of Christendom's wide domain, these unobtrusive toilers scatter the seeds of divine truth according to a divine plan—as old as parenthood—

their chiefest joy being found in prospect of a rest-day in the eternal to-morrow—when Christ shall come, and when they also shall “come with rejoicing, bringing their sheaves with them.” Granting many imperfections of character and method—and who is free?—yet from the heart of every man regenerate and called to minister the gospel of God’s grace to a sinning, suffering, perishing world, comes the benediction: “God bless our Sunday-school officers and teachers—our fellow-laborers for the redemption of the world from sin.”

We are glad to believe that “evergreen,” or year-round, schools are on the increase. Hibernation—once the rule—is, we are persuaded, in the near future, to become the rare and necessitated exception. Let it be frowned down—relegated to those creatures of darkness, the moles and bats, where it properly belongs.

Adopting the phraseology of our presiding Bishop: “All the reasons that call for the use of Methodist literature in Methodist schools in the summer call for the same during the winter—to wit, the salvation of souls.”

Quite a number of new schools are reported organized during the year. A notable example of possibilities in this direction is seen in the case of Riceville Circuit, reporting last year one school, this year twelve. Through the kindness of a friend of Sunday-schools, I have been able to afford some facilities to organization in destitute places. I have made gratuitous distribution of 21 *Magazines*, 197 *Quarterlies*, 251 *Little People*, 255 *Infant Class*, and 30 Bibles and Testaments. The Church has hitherto made no provision for supplying Sunday-school destitution. Our men have been sent to mission-work to make brick without straw. Other hands have been eager to supply the lack. It may be safely predicted that the next General Conference will wipe out the reproach referred to. This body has assisted in the much-needed reformation by supporting the pertinent resolution of your Sunday-school Committee.

I would again call attention to the imperative demand that comes up from every quarter for worthy and well-qualified superintendents and teachers. Pastors can do much toward supplying the want by emphasizing requests in this direction until they assume the character of a positive gospel demand.

We have pressed upon the people everywhere the importance of supplying our young people with a proper literature for leisure moments. Great destitution exists in this particular. To supply it will require time, energy, and money. But it will pay. Who doubts? Certainly no one who reads or thinks.

As to the importance of financial reform, I need only suggest that one pupil in our secular schools costs on an average, for books and tuition, fifteen dollars a year. So much for the head—and not too much. But what shall we say of our concern for heart-culture, when the revised statistics of last year show that less than eleven cents *per capita* covers all Sunday-school expenses—including music-books, organs, and all such requisites and helps? How this eleven cents is to be secured is a question that gives some of our superintendents great concern. Let the broad pastoral shoulder be applied to this wheel also.

Pastors will not feel aggrieved at the burdens laid upon them in this Report when it is stated that I hold both to the Discipline of our Church and the entire correctness of its rulings, namely, that upon the pastor rests the responsibility of providing for the sound instruction of both children and adults in his charge; in short, that he is preacher in charge of all the Southern Methodist Sunday-

schools in the bounds of his work. I beg, therefore, that our preachers will give all possible assistance to our Sunday-school workers by kindly mention in pastoral visitation, by personal study of the current Sunday-school lessons, so that they may be able to teach classes, or entire schools, as occasion requires, and to consistently inquire in the homes of our Sunday-school pupils as to the habits of preparation for the Sunday recitation.

Again, I would ask attention of our preachers and Sunday-school workers to the evident propriety of aiding the colored people, as far as possible, in the organization and maintenance of Sunday-schools. I fear, in this particular, we have all been neglectful of duty to those for whom, equally with us, Christ died. There has been reported to me one colored school under the care of our Church. We should, I think, increase the number during the year.

In conclusion, I beg to say that I began this peculiar work under a profound conviction of a personal call, not simply as a "Sunday-school man," but as a minister of the gospel of Jesus Christ; and laboring herein, I have the consciousness of divine approval and support. And while acknowledging a reasonable solicitude for present results, I would not conceal the fact that between what appears and what shall be, I am more deeply interested in the latter. To me this is a work of faith, as well as a labor of love.

These are wonderful words of our Lord, recorded in Matt. xviii., in reply and in application to the question, "Who is the greatest in the kingdom of heaven?" "If a man have a hundred sheep, and one of them be gone astray, doth he not leave the ninety and nine, and goeth into the mountains, and seeketh that which is gone astray? And if so be that he find it, verily I say unto you, he rejoiceth more of that sheep than of the ninety and nine which went not astray"—says the Master. First the finding—afterward the rejoicing—but first of all the doubtful "If." In the fold are found the lambs, in the Church of Christ the children, marked in the blood of the covenant.

Let me indulge the hope that the present may, by personal zeal and churchly activity, so interpret the teaching of the Master as that, in the days to come, pastor and under-shepherds of the fold of Christ shall exercise such vigilance as shall make the Church everywhere, in fact as in figure, *a fold* in which, if just *one* out of a hundred be gone astray, that one shall be diligently sought after until found—dead or alive; and if recovered alive, then shall the faithful soul-seekers repeat with rejoicings the tenderly-beautiful words of Jesus: "It is not the will of your Father in heaven that *one* of these little ones should perish." God hasten the day! I dare assert, It is not the will of your Father in heaven that one of these little ones should go astray.

Finally, brethren, I make grateful acknowledgment of the uniform kindness which I have experienced at your hands, and everywhere among the people you represent. I close this Report with the words of Bishop Andrew, who, like Samuel, had been so taught to love God and trust his promises that he never knew when he began to be a minister of God's grace to others, but who, filled with the divine presence on a dying-bed, sent this last exhortation to his brethren of the ministry: "Tell them to take care of the Sunday-schools."

Respectfully submitted.

J. A. LYONS.

## WOMAN'S MISSIONARY SOCIETY.

### REPORT OF THE SECRETARY.

THE Woman's Missionary Society again sends greeting to the Bishop and members of this Holston Conference, and presents an Annual Report from October, 1880, to October, 1881.

The Address read in your hearing, from the Corresponding Secretary of the Executive Association, gives all that is necessary for present purposes in the way of information, argument, and appeal, for your consideration, and to obtain the concurrent efforts of each presiding elder and pastor in the Conference.

A statement of facts in regard to the work accomplished within your own bounds is, therefore, all we shall attempt, and yet we feel impelled to try and fasten one thought on the mind of each one present, and that is, if each pastor will explain to *each of his congregations* the history and object of this organization, and *lead* the women of the Church in the formation of Auxiliaries, we believe they will be surprised and gladdened at the results.

The names of Auxiliaries and Juvenile Societies, with their members, life members, scholarships, and number of subscribers to the *Woman's Missionary Advocate*, are shown below, while the amount of money contributed by each will be found in the Treasurer's Report.

And now we have only one question to ask: Will you help *us* to help *you*?

# Holston Annual Advertiser

1881.

TEN years ago, while aiding in publishing the Minutes of the Holston Conference, the idea of publishing the HOLSTON ANNUAL was suggested. Beginning in 1873, the present publisher has year by year brought out the Annual Record of Holston Conference in such form as to enable the preachers and members of the Church, who cannot attend Conference sessions, to know what is done in the daily sittings, and also to have the Statistical and Financial Tables, showing the condition of each pastoral charge.

To secure this publication two sources have been relied on—viz., the subscriptions of preachers and members for a sufficient number of copies to reach every part of our Conference territory, and the insertion of Advertisements by Schools and Business Houses. The preachers of the Conference have done well in circulating the ANNUAL, and men of trade have added quite a good part of the cost of printing. We ask all readers to favor our advertisers, if possible, and let them know how much their kindness to the Conference is appreciated.

As in 1873 so in 1881 the city of Knoxville claims a large space in the HOLSTON ANNUAL ADVERTISER, and the publisher gladly commends every one whose card appears in these pages as worthy of patronage and reliable for fair dealing.

The Schools mentioned herein are all under the direction of Christian teachers, and commend themselves to the favorable consideration of parents and guardians.

The publisher asks to be remembered by all who find any advantage from consulting these pages during 1882.

J. R. PAYNE,

*Assistant Secretary Holston Conference.*

## The Holston Annual

Is the official record of the Holston Annual Conference, Methodist Episcopal Church, South, published with the approval and indorsement of the Conference, by the Assistant Secretary. It contains a Calendar for the ensuing year, with such items as usually constitute a *Church Almanac*.

The Proceedings of the Holston Conference are given in full, or nearly so. The reports of committees, including valuable statistical tables, form a very important part of the ANNUAL.

The Conference Directory gives the names of preachers and lay delegates, with the post-offices, whereby any one may readily correspond with the members of the Conference.

The "Advertising" Department for Business Cards has been well patronized; and as the ANNUAL is issued about the first of December of each year, and read just before the close of one year and the beginning of another, it is certainly a good time to advertise.

The subscription-price of the ANNUAL is 20 cents per copy. Rates of advertising will be made known on application.

Vanderbilt University is Organized in Six Departments:

*Academic, Biblical, Medical,  
Law, Pharmaceutical, Dental.*

---

To the endowment of one million dollars made by the senior Mr. Cornelius Vanderbilt, for the founding of the University, over one hundred thousand dollars has been added by Mr. William H. Vanderbilt for building purposes. Wesley Hall, Science Hall, and the Gymnasium, with their furniture, attest the munificence of this last patron of the University.

Expense has not been spared in providing the amplest means of instruction in the several Departments. The Schools of Science are supplied with the latest and most approved Apparatus for the illustration of their subjects. The School of Engineering is equipped with an extensive collection of Instruments, Models, and Specimens, and combines with lecture-room instruction such practical out-door work as fits its graduates for the shop and field.

The ANNUAL REGISTER sent on application to the SECRETARY OF THE FACULTY.

# Emory and Henry College,

— EMORY, VIRGINIA —

THIS old and well-established Institution continues to solicit the patronage of the public on the following grounds:

1. Its location is unequalled, being situated in the finest part of South-western Virginia. Emory is over two thousand feet above the sea, and all malarial or epidemic diseases are absolutely unknown. The surrounding scenery is very fine, and all the accessions are of the proper kind.

2. The College Farm embraces six hundred acres, the greater part of which is covered with a beautiful coating of blue-grass. The buildings are ample and sightly, the equipments complete in all departments.

3. The Course of Study is broad and liberal, the Faculty able and experienced. Requirements for graduation are rigorous, and honest work is sought to be done in all departments.

4. Over five thousand young men from all parts of the South have here received their education, and we gladly refer to them as to our advantages.

5. TERMS are very reasonable. One hundred and seventy dollars (if paid in advance) will cover all expenses of board, tuition, fuel, washing, and lights, for the full session of forty weeks. The next session begins on the first day of February, 1882. For Catalogue, address

*Rev. D. Sullins, D.D., President.*

# Martha Washington College,

— ABINGDON, VA. —

THIS old and well-established School continues to solicit a share of the public patronage. The location is beautiful, the grounds are extensive and thoroughly improved, the rooms are well furnished, and every thing is done to secure the comfort of the pupils.

The Course of Study is ample, and the instructors are thorough and experienced. Music is a specialty. This department is under the direction of Prof. Victor Kneringer, a graduate of the Royal Conservatory of Music at Paris, a teacher of long experience, and a man of high character. Terms are reasonable. Two hundred dollars covers all expenses for board and tuition, exclusive of art and music, for the entire session. No extra charge for ancient or modern languages.

The session begins on the third Thursday of September, and closes Wednesday before the fourth Thursday of June. For convenience, it is divided into two terms of twenty weeks each, one closing and the other beginning the first Thursday of February.

FOR milk toast, scald a quart of milk in a double boiler, and thicken it with two even table-spoonfuls of corn starch dissolved in a little cold water. Add a tea-spoonful of salt and a heaping table-spoonful of butter. Have ready a dozen slices of toast, which, unless wanted quite rich, need no butter. Pour the thickened milk into a pan, that each slice may be easily dipped into it, and pile them when dipped in a deep dish, pouring the rest of the milk over them. Serve very hot. Cream is sometimes used instead of milk, in which case no thickening is put in.

LEAVE nothing in the "twist" from wringing, but shake out each piece before throwing into the basket, and hang out as soon as the basket is full. Clothes should be on the line as quickly as possible after rinsing in blue water, or there will be danger of some streaks and cloudy-looking places when dry.

THE colleges are busy lettering great men, so that they can be identified if they go astray in the future.

It is very pleasant to have the whole Atlantic Ocean to bathe in, but it is not absolutely necessary to cleanliness to have more than a basin of water in your room. Put a handful of salt in it, protect the floor by a large tin pan in which you may stand, or a good-sized piece of oil-cloth, and bathe the body with a sponge, letting the water trickle down the spine, and you may get not only the cleansing effect of the bath, but somewhat of the stimulating advantage. After rubbing yourself well, sit and rest a short time before thoroughly dressing, and you may begin the day refreshed and invigorated.

THE Baptist Year-Book shows a Baptist membership of 2,296,327 in America, an increase of 163,293 during the year. The total Methodist membership in the same field is 3,486,000 in the United States, and including Canada, 4,365,601.

THE sudden uncalled-for yell of the preacher waked a baby in its mother's arms, but did not emphasize any thing in particular.

The *Pall Mall Gazette* says: "When England and America stand as mourners beside one grave, we may venture to hope that the bitter memories and dividing animosities engendered by the Revolutionary War are finally passed away," and suggests that England and America shall endeavor to arrange some kind of informal union for the prevention of internecine strife. If a European concert, despite the almost insurmountable difficulties, is recognized as a political necessity, why should there not be an Anglo-American concert wide enough to include in one fatherland all English-speaking men?

For a cheap hammock, take three or four yards of coarse, unbleached muslin. Tie the ends well with small cords, and hang it in the porch or under a tree. It will be strong enough for an ordinary person, and if hung low will furnish much entertainment and comfort to the children. When done with it, you can use the muslin for other purposes. Anybody can have a hammock.

THE Church of the Holy Communion in St. Louis has taken an ideal and scriptural way to provide itself with a communion-service which shall be worthy of the name it bears. In answer to a call from the rector for memorial pieces of silver, coins, medals, etc, which were in the hands of persons who might feel disposed to contribute them for a communion-service of solid silver, twelve pounds and a half of silver and one ounce of gold were offered, and so much was received that the people had to be stayed from giving. This sufficed for making the paten, flagon, two chalices, and the large alms-basin.

A WITTY nobleman once asked a clerical gentleman at the bottom of the table why the goose, when there was one, was always placed next to the parson. "Really, my lord," said the clergyman, "your question is somewhat difficult to answer, and so remarkably odd that I vow I shall never see a goose again without being reminded of your lordship."

MR. CARLYLE happened to be present when a number of so-called philosophers and scientific men were airing their opinions. The theory of evolution had been asserted with much confidence; and under the supposition that he was a sympathizer, and not at all fettered by religious scruples, he was challenged to deliver his opinion as to Darwinism. Gathering himself up, and speaking in a tone that silenced laughter, Mr. Carlyle replied: "Gentlemen, you make man a little higher than the tadpoles. I hold with the Prophet David—*Thou* madest him a little lower than the angels."

THE wife of one of the oldest Senators at Washington lately remarked to him that his rheumatic attacks last winter had prevented his sharing the usual social festivities of the season. He answered, "I think I rather prefer the rheumatics."

THE fertilizing matter which may be saved from the farmer's house would more than furnish the house with vegetables.

On one occasion, when the Queen visited a church near Balmoral, a fine dog belonging to the minister took a position on the pulpit steps, and remained quiet during the sermon. On a second visit the dog was conspicuous by his absence, the minister having been advised that his presence might annoy the Queen. "O no," she said, when told of it, "let him come as usual. I wish that everybody behaved as well at church as that dog."

A STOCK-BROKER, returning to his office the other day, after a substantial luncheon with a client, said, complacently, to his head-clerk: "Mr. Putkin, the world looks different to a man when he has a bottle of Champagne in him." "Yes, sir," replied the clerk, significantly, "and he looks different to the world."

THE only people who make no mistakes are dead people. I saw a man last week who has not made a mistake for four thousand years. He was in the Egyptian department of the British Museum.—H. L. Wayland.

A CONFERENCE of the Lutheran Council met in Germantown, Pa., lately, and was compelled to hear from its president's report that during the year a Presbyterian minister had been allowed to preach in one of its pulpits. It seemed a bad case, and a committee was appointed to consider it. They reported that it was an exceptional case, and that action was unnecessary. We trust there may be many such "exceptional" cases.

MAUD: "O papa dear, now we have got this lovely country-place, you really must go in for horticulture." Papa: "Culchaw? Culchaw if you like, my dear, because it's fashionable, but not 'haughty.' I'm a plain British merchant, and I know my position."

THIS is what the mother of Thomas Carlyle wrote to him when he was a young man of twenty-one years, attending college: "Have you got through the Bible yet? If you have, read it again."

A GREAT many people have adopted as their rule of general conduct the reasoning of the man who said that he never became a priest because he was afraid he might want some time to marry, and he never married because he was afraid he might some time want to become a priest. They live to the end of their days without doing any thing in particular, because they are always expecting to do something else.

THE persistency with which English writers and printers cling to the vowel *u*, in such words as *parlor* and *favor*, was illustrated recently in the Bank of England, where a chancery draft was refused payment, because, in stating that it was in favor of so and so, the drawer had spelt the word "favor" without a *u*.

THE rose was the emblem of society with the Greeks, and it was their custom to suspend it over the guest-table as a reminder that conversation passing there was not to be repeated abroad. Hence the phrase *sub rosa*.

JAMES ABRAHAM GARFIELD, twentieth President of the United States, was shot by Charles J. Guiteau in Washington, July 2, 1881. He lingered with great suffering till September 12, 1881, when he expired at Long Branch, New Jersey—whither he had been conveyed for sanitary reasons. His tragical death spread a pall of mourning over the civilized world. On the day after his death, the Vice-president, Chester A. Arthur, took the oath as President of the United States.

ECUMENICAL METHODIST CONFERENCE.—The Ecumenical Methodist Conference, held in City Road Chapel, London, September 7-20, 1881, was attended by Representatives of twenty-seven Methodist Connections, representing about five millions of Methodists, and twenty-five millions of adherents to Methodism. Great love and harmony prevailed during the entire session.

That the Revised New Testament takes the word "hell" out of some passages is said to diminish the probability that there is any such place. Similarly, the omission of "fool" from at least a dozen familiar places diminishes the probability that there are any such persons. The New Version seems likely to comfort a good many people in one way or another.

The President's bell at the Ecumenical Conference did some striking things. It stopped one reader at the word "but," another at the word "barrier," a third at the statement that some one "never had more than a guinea a week," and others at equally peculiar points. But it was a very useful helper to the Conference.

In France a man is not allowed to be an active Y. M. C. A. member after he has attained to the age of thirty years. In England age is not taken into consideration, the Earl of Shaftesbury, President of the London Association, being eighty years of age.

SMALL pieces of ice are very refreshing now and then for strong, healthy persons; also a drink of water mixed with vinegar and molasses is thirst-quenching for work-people, or a slice of lemon dipped into white sugar. Cool the blood without disturbing the digestion and distending the intestines, and you will get through the day.

AN Oneida Indian, who is an ordained clergyman, preached in New York City recently, and in the course of his sermon quaintly rebuked the sin of profanity. He said he was thankful that "the Creator did not give the Indian enough language to allow him to be profane without first learning English."

THE following sentence is from an editorial in the London *Daily News* on the late Ecumenical Conference: "It would be difficult to overrate the debt which civilization owes to a movement which came at a terrible period of religious decay, and stirred the pulses of national life and duty."

A CORRESPONDENT of *Zion's Herald*, referring to a brief article on the use of the word "individual," in a former issue, writes that he once heard a preacher use the word *seventy-two* times, by actual count, in a single sermon. He cannot recall much about the sermon, but pleasantly adds that "it had a great deal of *individuality* about it."

Oil paintings should be wiped with a damp cloth, and if the picture-cord is soiled, that should be wiped off to secure against moths. Soap should never be used on varnished wood of any sort.

THE man who cannot "do his best" except in the presence of an admiring crowd has a false notion of what the best is.

THE only form of oath among the Shoshone Indians is, "The earth hears me. The sun hears me. Shall I lie?"

# PRICES OF OUR SUNDAY SCHOOL SERIES.

**T**HE PRICE AT WHICH SUNDAY-SCHOOL PAPERS, OR ANY OTHER PUBLICATIONS, CAN be furnished to the subscribers depends very largely on the number to be issued. The expense for furnishing each subscriber diminishes as the list increases. The work of preparing the copy and setting the type is tedious and expensive, and costs the same for a hundred scholars as for a hundred thousand. The words have to be written down one at a time, and the little types set one at a time; but when the form is ready, and on the press, the mere work of printing is done rapidly, and with little expense. If the list of subscribers increases, the first cost of preparing the form is distributed over a great number of papers, and the price of each may be made lower, or the papers may be enlarged or improved. Our lists have enlarged—some of them more than others—and we have concluded to enlarge or improve some of our publications, and cheapen the price of others.

We have had many calls for a cheaper Quarterly, and in the re-arrangement of prices we have thought it well also to re-arrange our series to some extent, and establish another Quarterly. We now issue one for *advanced classes*, known as **THE SUNDAY SCHOOL QUARTERLY**, larger than the Quarterly formerly issued; and one for *intermediate classes*, entitled **THE INTERMEDIATE QUARTERLY**, of the same size and general appearance as the old one, but at half the price. In sending out these Quarterlies to subscribers whose orders are already on our books, we have concluded to send half of the number due in the advanced Quarterlies, and the remainder in the intermediate Quarterlies. If any school, on receiving them, finds that it wishes the proportion changed, we will arrange this for the next quarter, as may be requested; but all new subscriptions will be taken at the new prices, as given in the schedule below.

The **ILLUSTRATED LESSON PAPER** will be sent to the subscribers to **OUR LITTLE PEOPLE** as formerly published; and we are sure this change will make a great improvement.

**THE INFANT CLASS** will be discontinued, but a paper will still be published, called **OUR LITTLE PEOPLE**, smaller than the original publication of that name, and this will be sent to the subscribers to **THE INFANT CLASS**.

It will take a little time to get accustomed to the new arrangement, but, as soon as understood, we are sure the series will be more complete and better adapted to the different classes of scholars, and the reduced prices and better quality will certainly please everybody.

Before sending new orders, or changing present subscriptions, please examine our publications carefully, and become familiar with the new schedule of prices. We much prefer that subscriptions should be made for one year, and paid for in advance; but, to accommodate schools, we will take subscriptions for a shorter time. This will enable schools to increase their orders during any particular quarter without changing the permanent subscriptions. Let all orders be written very plainly, giving the name of the paper wanted in full, also the name of the person to whom the papers are to be sent, the post-office, county, and State. We have a great deal of trouble in filling orders, because they are not always written explicitly.

As the lists increase, we hope still to improve our papers, or cheapen them further, if there should be a call for it. Let every Methodist Sunday-school send us its orders, remembering the weighty words of one of our Bishops: "All the moral and religious reasons that call for Methodist preachers in Methodist pulpits call also for Methodist literature in Methodist Sunday-schools."
